

SNOW DAY PLAN "A"

The Nelsonville-York City School District has developed an alternative busing plan in case of inclement weather. Not all students will be affected by this plan.

Your student(s) will be excused from school if plan "A" is activated and you live on the bus routes below. You may feel free to transport your student to school. **Please be advised that under plan "A" your road will not be serviced by buses for the morning or afternoon.** If you bring your student(s) to school, you will need to transport them home.
